

How does the Pool support people?

The Interpreters Pool

- provides assistance for appointments, for example, with local authorities, child care service providers, schools
- helps avoid the kinds of misunderstandings that result from insufficient command of the language
- does not provide written translations
- maintains confidentiality and does not pass on information to third parties
- offers its services for free. However, travelling expenses must be clarified before the appointment.

How can I get the help of an interpreter?

Contact us via e-mail or telephone well in advance.

Provide us with

- your name, address, telephone number, e-mail address
- type of appointment, topic, date, time, place, institution and your contact person
- the language you need an interpreter for

The Interpreters Pool Germersheim is a project that involves JGU FTSK University students and teachers. Students provide interpreting services within the scope of an unpaid internship. Regular training sessions ensure adequate quality of the interpreting

services provided. The objective of the Pool and its members is to help overcome communication barriers.
